7-Light Pendant

It was Shakespeare that said, "The stars above us, govern our conditions." And so it is with this amazing multi-light pendant series. Each unique glass cover supports handmade glass starbursts - available in clear, blue, green, amber or violet - suspending each burst of color in its own glass globe. Chrome hardware and a satin nickel-finish canopy complete each structure, and every little piece is adjustable to enhance your galaxy in a variety of different ways.
