SPECIFICATION

Wattage	Voltage	Lumens	CCT	Beam Angle	CRI
12.5	120	1050	3000-5000K	180°	>80

MODEL VARIATION

- The flush mount lighting fixture with a more than standard Color Rendering Index can help viewing of objects in their true colors in comparison to a natural light source.
- The flush mount if allowed to remain ON for 24 hours, can easily last for 50,000 hours (5-6 years). Will last longer if ON for just 12 hours a day.

WARNING AND CAUTIONS

- The product must be installed according to the instructions. Installed by a person familiar with the product, production and product hazards.
- Avoid fire and electric shock. When installing the lighting fixtures, you need to understand the electrical characteristics. If you are not sure, do not attempt to install. Please contact an electrician.
- Understand the structural features and dimensions of lighting before installation.
