

# How to Pick the Right AC Size for Your Room

Below you'll find a chart helping you find which size AC to get according to the square footage of the space you want to cool.

Area (ft²)	Capacity (BTU/hr)
100-150	5,000
150-250	6,000
250-300	7,000
300-350	8,000
350-400	9,000
400-450	10,000
450-550	12,000
550-700	14,000
700-1000	18,000
1000-1200	21,000

HOWEVER, there are many other factors to consider:
