Be sure to check all packing materia fit the packing list. Carefully for small parts, which may have come loose inside the carton during shipment.

ASSEMBLY INSTRUCTIONS

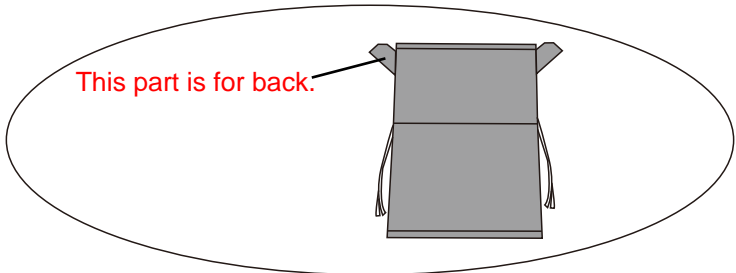

STEP 1: Take the chair cushion (A) from the vaccum bags, let it expand for about 24 hours.

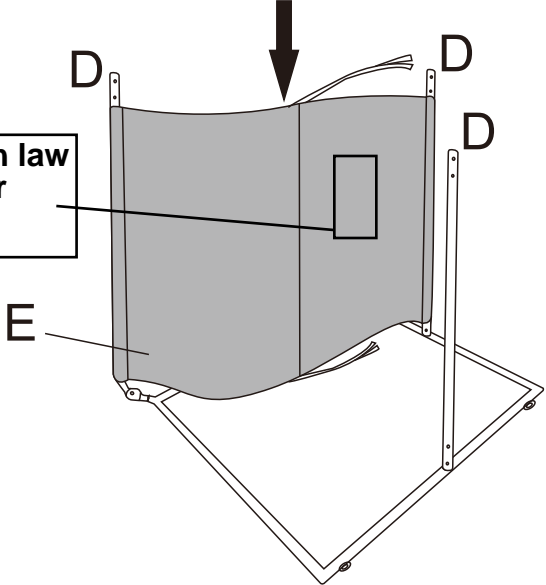

NOTE: When screw the bolts, don't tighten completely, but only for 50%.

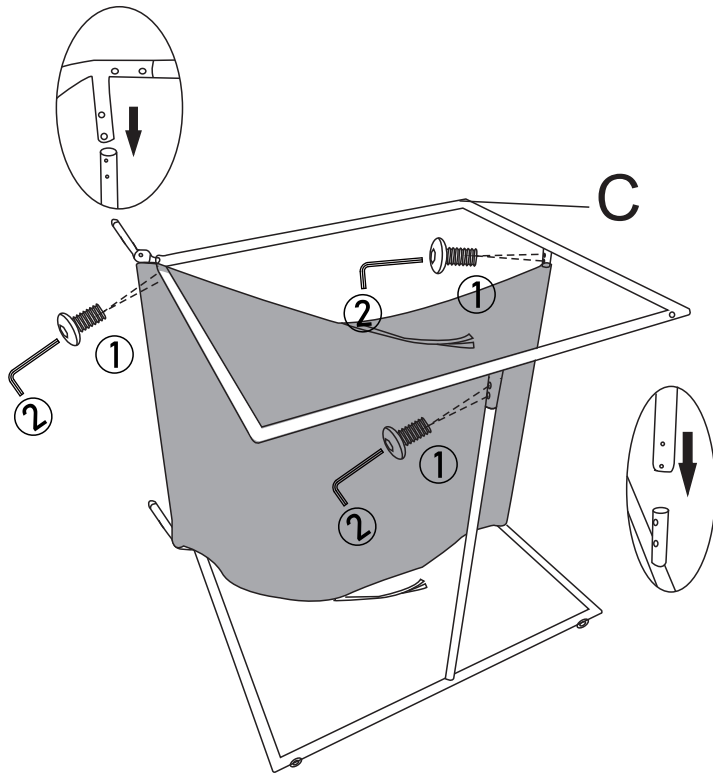

STEP 2: Place the right armrest (B) on clean padded surface. Connect the metal bars (D) and armrest (B) by aligning the settled holes. Tighten with bolts ① and allen key ② .

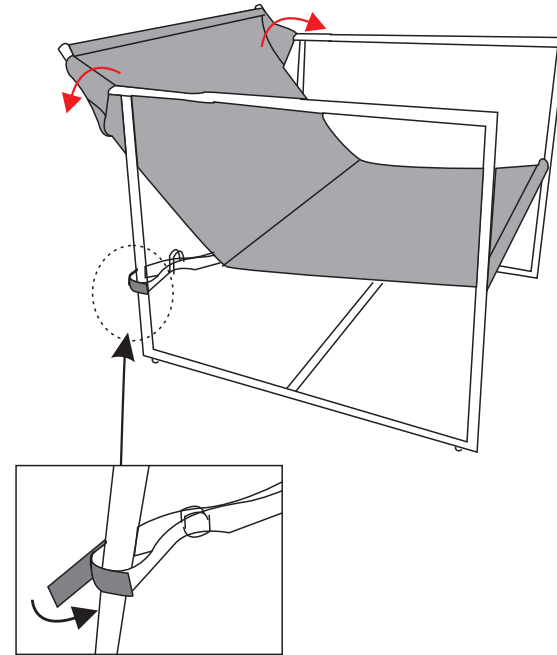

NOTE: This side with law label is under the surface.

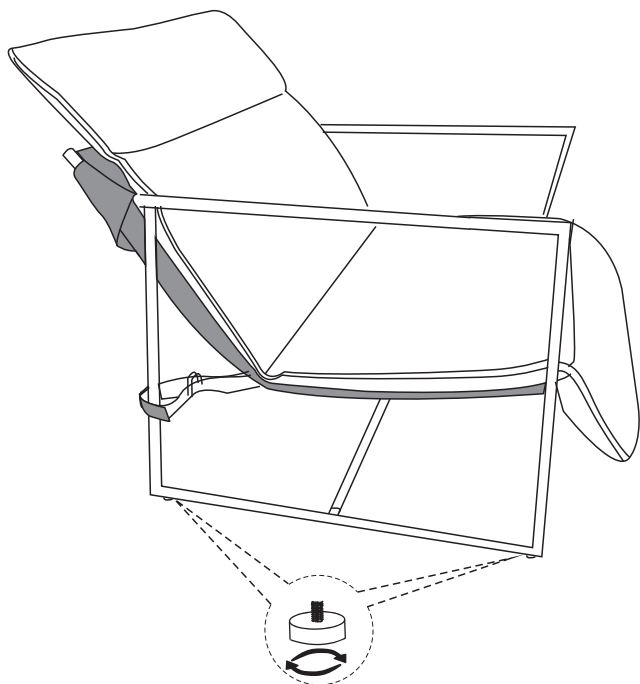

STEP 3: Turn the assembled part on last step aside, insert the metal bars (D) into the long fabric tubes on cushion support (E).

STEP 4: Connect the metal bars (D) and left armrest (C) by aligning the stettled holes. Tighten with bolts ① and allen key ②.

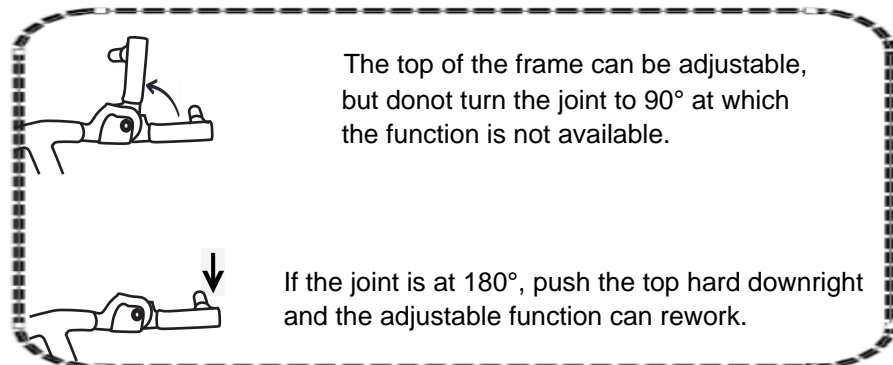

STEP 5: Stick the velcros on the sides of cushion support on the direction of arrows as instruction. Connect the string on the cushion support (E) with the rear metal tubes of armrests. Tighten the string in circles and stick the both parts of velcro as instruction.

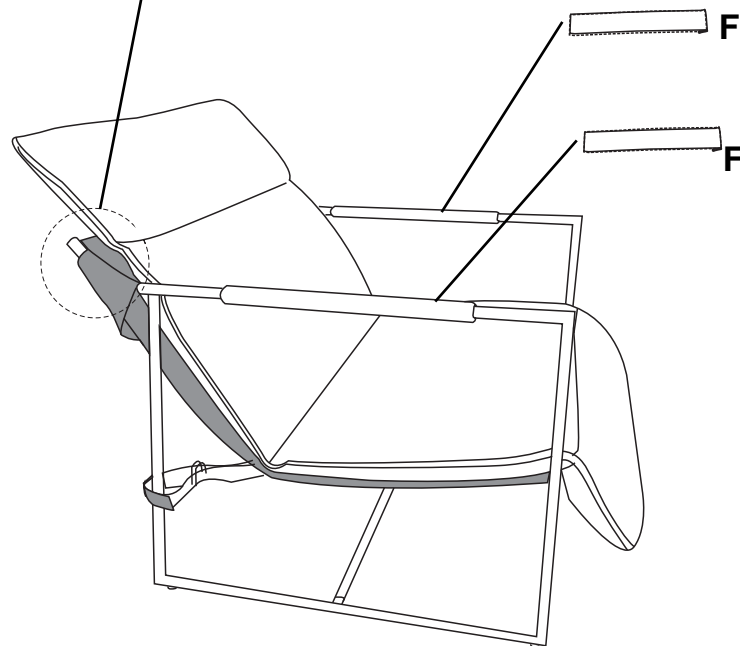

NOTE: If the chair is not stable after assembly, please adjust the plastic foot pads on the bottom.

STEP 6: Put on the seat cushion (A) and back cushion (B) accordingly.

The top of the frame can be adjustable, but donot turn the joint to 90° at which the function is not available.

If the joint is at 180°, push the top hard downright and the adjustable function can rework.

STEP 7: Take out the armrest covers (F) and zip it on the armrests (B) and (C) as instruction. Assembly is completed.
