VOID

The Void lamp crosses the finishing line a year ahead with Olympic medal metallic shades. These mysterious lighting objects inspired by vacuum flasks conceal a small but powerful halogen bulb deep inside the lamp creating a soft but directional light beam. The solid metal sheets are pressed, spun and braised to form this complicated double wall shade. They are then hand polished to a mirror finish before being applied with a lacquer to maintain the high gloss finish.

Available as a pendant in copper, brass and stainless steel.

Product information and prices

Available in Copper, Brass, Stainless Steel:
£310
