

Size of Mattress and Foundation

The length and width of the upper bunk mattress and foundation are as follows :

Length
74"- 75"

Width
37 ½" - 38 ½"

Thickness
9 ½" max

You must use only this size mattress.

Ensure thickness of mattress and foundation combined does not exceed 9 ½"
and that the mattress is at least 5" below upper edge of guardrails.

This Bunk Bed uses a slat kit for mattress foundation.

Replacement Parts

SAFETY WARNINGS

- (1) Follow the information on the warnings appearing on the upper bunk end structure and on the carton. Do not remove warning label from bed.
- (2) Always use the recommended size mattress, mattress support, or both, to help prevent the likelihood of entrapment or falls.
- (3) Surface of mattress must be at least 5 in. (127mm) below the upper edge of guardrails.
- (4) Do not allow children under 6 years of age to use the upper bunk.
- (5) Periodically check and ensure that the guardrail, ladder, and other component are in their proper position, free from damage, and that all connectors are tight.
- (6) Do not allow horseplay on, or under the bed, and prohibit jumping on the bed.
- (7) Do not use substitute parts. Contact the manufacturer for replacement parts.
- (8) Use of a night light may provide added safety precaution for a child using the upper bunk.
- (9) The use of water or sleep flotation mattress is prohibited.
- (10) Prohibit more than one person on upper bunk.
- (11) **STRANGULATION HAZARD** : Never attach or hang items to any part of the Bunk Bed that are not designed for use with the bed, including, but not limited to: hooks, belts and jump ropes.
- (12) Keep these instructions for future reference.

STAIRCASE BUNK
