

Details (5 Bullet Points):

- Classic Interlocking Floor Tiles – A rustic look with a modern feel, these smooth tile pebbles fit together to create stunning flooring in your kitchen, bathroom, or patio.
- Beautiful, Natural Stones – Designed with real, colored pebbles, these square tiles feature 1” to 2” stones that offer even footing and a premium look.
- Smart, Interlocking Installation – A seamless design that connects together on your floor with ease, our stones are shaped to fit perfectly without cutting or re-shaping.
- Indoor and Outdoor Versatility – Our flooring tiles are naturally waterproof, which means they can be used to line paths, decorate pool areas, or even placed in showers.
- Complete Packs in a Box – Every order comes 12” x 12” square tiles over a heavy-duty mesh base which allows for easier grout placement and added security.

Product Description:

Enhance the look of your bathroom, kitchen, or outdoor space with waterproof stone pebble tiles designed for the modern home.

When it comes to flooring, you want something that looks great and adds a truly unique feel to your space. That’s why we developed these Sunny Pebble Stone Interlocking Floor Tiles crafted with all-natural, polished red pebbles.

A smart choice for bathrooms, kitchens, a backsplash, pool or spa area, or even your shower, these luxuriously beautiful floor tiles offer elegance to any indoor or outdoor application.

Each stone is meticulously sorted by hand according to its size, color, and shape to create the perfect layout, and then attached to a web mesh by pollution-free glue. And with a seamless interlocking design, they’re easy to install and class to any area.

Please Note:

Pebbles are a natural product so variations in color and texture are to be expected. All tiles should be inspected before installation, as no adjustment can be made after installation.
