

# Assembly Instructions

**Caution: You must read this before you proceed.**

## Dining Chair

### Parts List

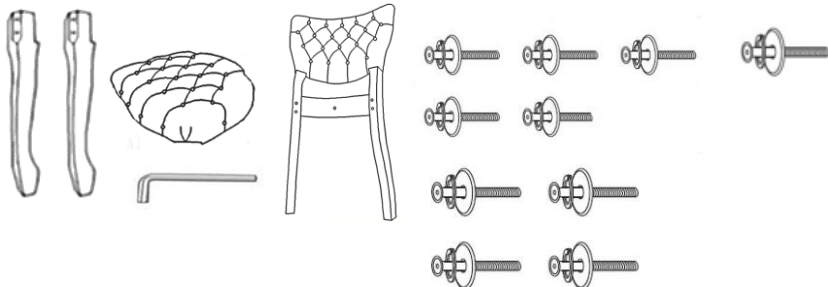

Label	Picture	Description	QTY
A		Chair Back	1
B		Chair Seat	1
C		Front Legs	2

# Hardware

Label	Picture	Description	QTY
①		Bolt (M8*50MM)	6
②		Bolt (M8*60MM)	5
③		Washer	11
④		Spring Washer	11
⑤		Allen Key	1

## Assembly Preparation

Before  
Beginnin  
g  
Assembl  
y:

- Read instructions, cover to cover-

- Have 2 adults on hand for assembly-

- Do not assemble on flooring or carpet-

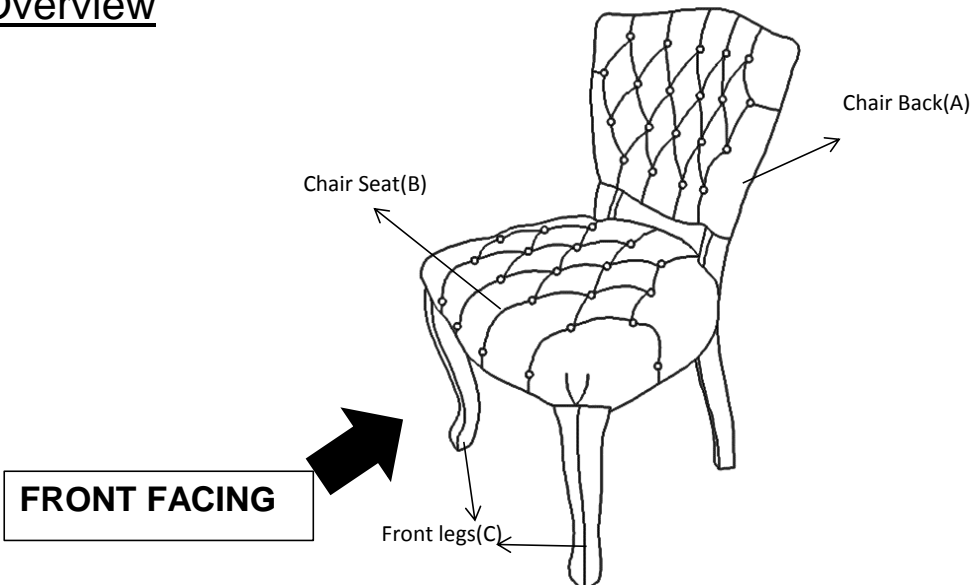

- Assemble on a clean non-marring surface (packing foam)-

- Save all packaging until finished-

## Assembly Steps

### Overview

Chair Back(A)

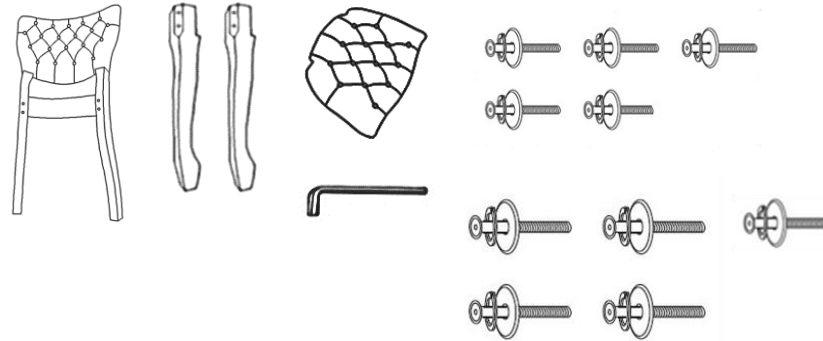

Chair Seat(B)

Front legs(C)

**FRONT FACING**

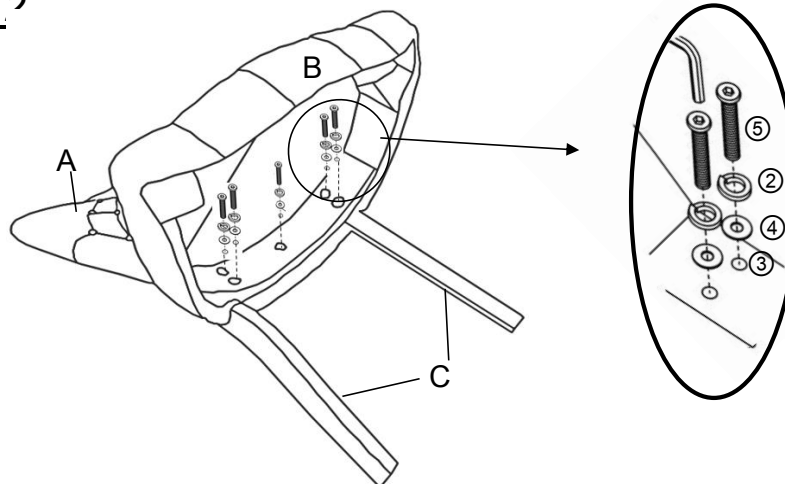

This Chair has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Chair parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

### Step 1

Unpack and place all parts on a clean, non-marring surface.

### Step 2

Place the Back with Legs(B) on a clean, non-marring surface.

Align the mounting positions on the Seat(A) to the mountings on the Back with Legs(B).

Lock the middle mounting position first, by using Bolts(①), Spring Washers(④) and Washers(③) with Allen Key(⑤).

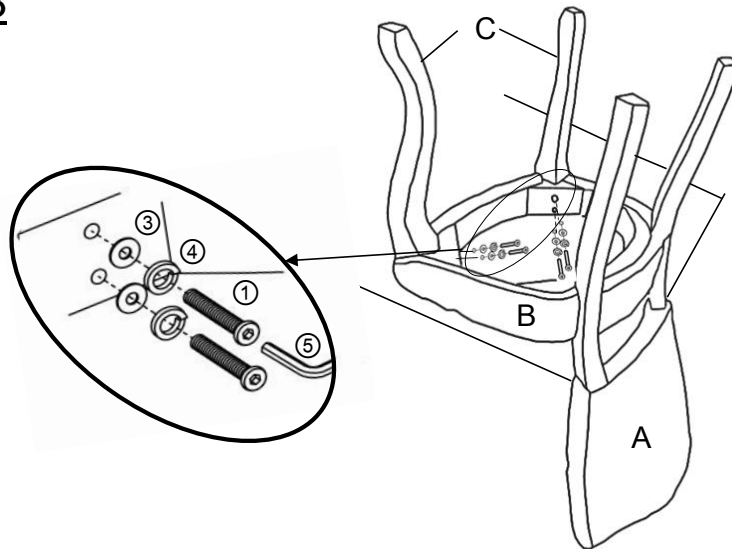

Then lock the corner four mounting positions and attach them using Bolts(②), Spring Washers(④) and Washers(③) with Allen Key(⑤), as shown on the picture above.

#### **Friendly notice:**

If the mounting positions cannot be aligned well which hinders the installation, then sway the Seat(A) lightly when locking the Bolts, this action could help avoid the Bolts getting stuck and ensure assembly smoothly.

**Do not fully tighten the Bolts.**

### Step 3

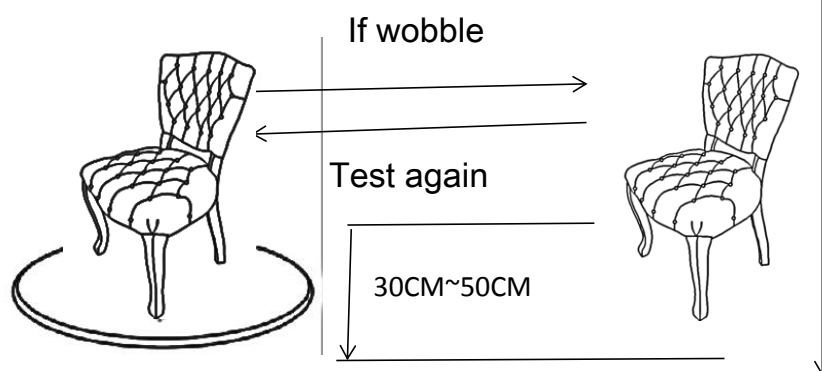

Place the Pack of Seat(A) and Back with legs(B) on the side of a table with the Seat(A) facing down, as seen in the picture.

Insert Front Leg(C) into the mounting position of Seat(A) and attach using Bolts(①), Spring Washers(④) and Washers(③) with Allen Key(⑤).

**Do not fully tighten the Bolts.**

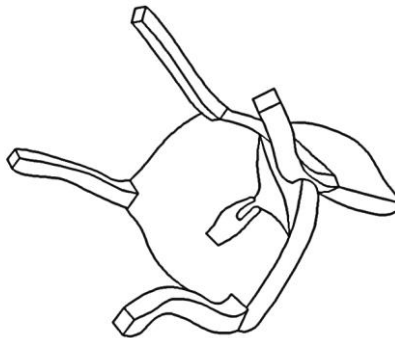

Repeat the same process to attach the remaining one Leg. Attach each leg using 2 Bolts.

### Step 4

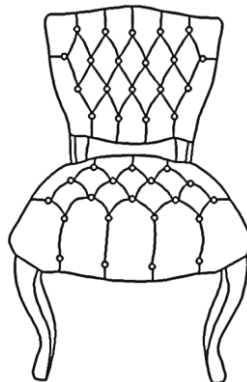

Place the chair on a LEVEL SURFACE to see if it wobbles.  
If it wobbles, lift the chair to some 30cm to 50cm height from the ground.  
Keep your feet and toes well away from the drop zone.  
Drop the chair freely and vertically with the four legs, hitting the ground, at the same time.  
This Drop Test will help to ensure that all the bolts and gaps to all reach full alignment status.  
Test again for evenness on a LEVEL SURFACE.  
If no wobbles found, proceed to tighten all the bolts.  
CAUTION : When tightening these bolts, tighten sequentially.  
DO NOT tighten any screw fully and then towards the next one.  
This would cause the frame to warp.  
If there is still wobbles, loosen the bolts and execute this same drop tests.  
WARNING!! IF CHAIR IS NOT STABLE , IT COULD LEAD TO DAMAGING THE PRODUCT.

### Step 5

Finally, seal the Seat Base Cover back on to the underside of the chair seat . Turn it the right side up. The chair is ready for use.

### Step 6

Stand the Chair up.  
Your Chair is ready for use.  
**This Chair can only be used on a flat, level surface.**

### Care & Maintenance

-  ● Do not put hot items directly on furniture surface.
  -  ● Do not clean furniture with harsh cleansers or polish.
  -  ● Do not place furniture under direct sunlight.
  -  ● Do not place furniture near heating or cooling vents.
  -  ● Do not write on furniture without a padded barrier to protect the surface.
  -  ● Do not place furniture outside. For indoor use only.
  -  ● Not for commercial use. For residential use only.
  -  ● Stains may be removed with mild soap solution and damp cloth.
  -  ● Children should not climb or jump on the furniture.
- 
-  ● Dust and pick-up spills using a clean, non-colored, lint-free cloth.

### Questions & Answers about Proposition 65

#### • What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm.

These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals.

Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

#### • What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

#### • What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

#### • Where can I get more information on Proposition 65?

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at [P65.Questions@oehha.ca.gov](mailto:P65.Questions@oehha.ca.gov), or by phone at (916) 445-6900.
