Sticker with model number located on back of piece "I".

WARNING

For use with most flat panel televisions weighing 22.7 kg / 50 lbs or less. Usage with televisions or loads heavier than the maximum weights specified may result in instability causing tip over resulting in death or serious injury.

ATTENTION

Destiné à la plupart des téléviseurs à écran plat pesant 22.7 kg / 50 lbs ou moins. L'utilisation avec des téléviseurs ou des charges dont le poids dépasse les valeurs spécifiées peut entraîner l'instabilité et le basculement pouvant provoquer la mort ou des blessures graves.

PRECAUCIÓN

Para usar con la mayoría de televisiones de flat panel, con peso de 22.7 kg / 50 lbs o inferior. Colocar televisores o cargas mayores que los pesos máximos especificados puede generar inestabilidad y, en consecuencia, desplomes que pueden causar la muerte o lesiones graves.

Care and Maintenance

- Use a soft, clean cloth that will not scratch the surface when dusting.
- Use of furniture polish is not necessary. Should you choose to use polish, test first in an inconspicuous area.
- Using solvents of any kind on your furniture may damage the finish.
- Never use water to clean your furniture as it may cause damage to the finish.
- Always use coasters under beverage glasses and flowerpots.
- Liquid spills should be removed immediately, as it may damage the furniture. Use a soft, clean cloth and blot the spill gently. Avoid rubbing.
- Always use protective pads under hot dishes and plates. Heat can cause chemical changes that may create spotting within the furniture.

Further advice about wood furniture care

It is best to keep your furniture in a climate-controlled environment. Temperature and humidity changes can cause fading, warping, shrinking and splitting of wood. It is advised to keep furniture away from direct sunlight as sun may damage the finish. Proper care and cleaning at home will extend the life of your purchase.

We hope you enjoy your purchase for many years. Thank you for your purchase!

Soin / Entretien

- Lors de l'époussetage, utilisez un chiffon doux et propre qui n'égatigne pas la surface.
- Il n'est pas nécessaire d'utiliser du poli à meuble. Si vous décidez d'utiliser du poli à meuble, veuillez d'abord en faire l'essai dans un endroit moins en évidence.
- L'utilisation de solvant de quelque sorte sur votre ameublement peut endommager le fini.
- Ne jamais utiliser d'eau pour nettoyer votre ameublement car cela peut endommager le fini.
- Utilisez toujours des dessous de verre sous les verres/tasses des breuvages et sous les pots à fleur.
- Tout déversement de liquide doit être enlevé immédiatement car cela peut endommager l'ameublement. Utilisez un chiffon doux et propre et épongez délicatement le déversement. Évitez de frotter.
- Utilisez toujours des tampons protecteurs sous les plats et les assiettes chaudes. La chaleur peut causer des changements chimiques qui peuvent créer des taches sur l'ameublement.

Conseils supplémentaires pour l'entretien de meubles en bois

Il est préférable de garder vos meubles dans un environnement climatisé. Les changements de température et d'humidité peuvent décolorer, déformer, rétracter et fendiller le bois. Il est conseillé de garder les meubles à l'abri de la lumière directe du soleil car cela pourrait endommager le fini. L'entretien et le nettoyage appropriés à domicile prolongeront la vie de votre achat.

Nous espérons que vous apprécierez votre achat pendant de nombreuses années. Nous vous remercions pour votre achat!

Cuidado / Mantenimiento

- Use un paño suave y limpio que no raye la superficie cuando elimine el polvo.
- El uso de cera para muebles no es necesario. Si elige utilizar la cera, realice primero una prueba en un área discreta.
- Usar solventes de cualquier clase en sus muebles puede dañar el acabado.
- Nunca utilice agua para limpiar sus muebles, ya que puede causar daños en el acabado.
- Siempre utilice posavasos para colocar los vasos de bebidas y las macetas.
- Los derrames de líquidos se deben de secar inmediatamente, ya que pueden dañar el mueble. Use un paño suave y limpio y seque el derrame con cuidado. Evite frotar.
- Siempre utilice almohadillas protectoras debajo de los platos y vajillas calientes. El calor puede causar cambios químicos los cuales pueden crear manchas en los muebles.

Consejos adicionales sobre el cuidado de los muebles de madera

Lo mejor es mantener sus muebles en un ambiente con clima controlado. Los cambios de temperatura y humedad pueden hacer que la madera se decolore, se combe, se encoja y se parta. Se aconseja mantener los muebles alejados de la luz solar directa, ya que esta puede dañar el acabado. El cuidado y la limpieza adecuados en casa extenderán la vida útil de su compra.

Esperamos que disfrute de su compra durante muchos años. ¡Gracias por su compra!
