ARKSHOWERS

Continuous aluminum hinge:

- allows glass to pivot up to 90 degrees in and out
- ensures watertight seal between glass and wall
- provides adjustment for off plumb walls
- can be mounted on the left or right (not handed)

Two widths available:
30" and 33.5"

Three heights available:
60", 64" and 70"

Bottom of hinge rests on ledge so
weight is supported from below

Typical alcove setting,
8'6" ceiling height

5/16" (8mm) clear tempered glass,
frosted (acid etched) available

Rounded (6" radius) glass top corner
shown, square top corner available

3/8" (10mm) gap required between
glass and ledge for seal (not shown)

Typical bathtub, 60" long, 14" high
(K-715 Villager™ bath with left-hand drain)
