Dimensions

Specifications

- 6-speed, reversible DC motor
- Die cast aluminum construction
- 50" span, plywood blades
- Includes 6" and 12" down rods (longer options also available)
- Optional LED light: 17W, 90 CRI, 3000K, 1530 lumens (dimmable) behind opal glass diffuser; adds 3.5" to length of fan
- Slope compatible up to 33°; adapter available for slopes up to 45°
- Designed by Ron Rezek
- ETL listed for dry and damp locations
- Weight: 14.0 lbs (6.4 kgs)

Performance Data

LOWEST SPEED

RPM: 65
CFM: 1,181
Watts: 2.98
CFM/W: 396

HIGHEST SPEED

RPM: 220
CFM: 5,165
Watts: 28.95
CFM/W: 178

Energy Guide Data

Average Energy Use
19 Watts

Average Airflow
3,298 CFM

Yearly Energy Cost
\$5

Average Efficiency
142 CFM/Watt

Energy Guide Data represents weighted averages of low speed and high speed performance, assuming typical use (excluding light). For more information, visit www.modernfan.com.

CIRRUS DC CONTROLS

Our DC fan controls use RF transmission to a receiving unit included with each fan, providing six speeds, reversing and light function (on/off or dimming). Includes universal or dedicated channel selection and master power switch on wall control (if ordered). Control selection is made at time of order and incorporated into fan item number.

Wall Control (WC)

Remote Control (RC)

Wall/Remote Combo (CC)

* The Cirrus DC fan must use one of the above control options. Third party fan controls are not compatible with this product. The Remote Control (RC) can be used in combination with a standard power switch (on-off) in wall box.

** For ordering guidance to replace lost or damaged control components or to add secondary control to existing control sets (e.g. to add a handset to an existing wall control system), contact Modern Fan Co. customer support.

DOWN RODS

The Cirrus DC ships standard with 6" and 12" down rods. Use the following part numbers to order accessory down rods.

Finish		Length	
#DRD	-	-	-
▲		▲	
GW	Gloss White	12	12"
BA	Brushed Aluminum	24	24"
		36	36"
		48	48"
		60	60"
		72	72"

SLOPE ADAPTER

The Cirrus DC will accommodate ceiling slopes up to 33 degrees. The #045 slope adapter can accommodate slopes exceeding 33 degrees and up to 45 degrees.
