

4' SideMate Vinyl Shed

The 4' x 8' SideMate is designed to sit adjacent to the side of the house or fence. The door can be reversed and be set up on either side of the shed. The generous 8' depth gives you a large 154 cubic feet of storage space in a narrow side corridor of your home. All walls are reinforced with solid metal inserted in the columns allowing you to easily hang shelves inside the shed. This shed is ideal as an addition to the side of any home for extra storage space.

ASSEMBLY MADE EASY

The assembly is simple, clean, safe and can be completed in four to five hours with two people. All parts are pre-cut, drilled and numbered for ease of assembly. All you need to provide is a level surface of either wood, or concrete, the size of the desired building. In addition you will need a power drill, hammer, measuring tape, pliers and a ladder.

Checklist Prior to SideMate Vinyl Shed Purchase

- Check with your local city hall for building ordinances & CCR's
- Be sure that intended placement of shed is within your property lines
- Do not build shed over utility lines (gas, electrical, water, telephone, cable, etc)
- Measure the size of the intended shed site and make sure you have a level wooden or concrete foundation (Optional Foundation Kit available)
