**DO NOT fully tighten the bolts** until all bolts are started. Once all bolts are inserted, then go back and tighten all the bolts.

### INCLUDED TOOLS

### CUSTOMER-SUPPLIED TOOLS

Cordless screwdriver/drill OR  
Multi-bit handle for the Torx bit.

# KING CHAIR

## ASSEMBLY GUIDE

6) Attach Arm and Back Support to Back with Bolt C.

7) Repeat on other side.

8) Attach Front Leg to Seat using Bolt B.

9) Repeat on other side.

## IMPORTANT NOTES

NEVER adjust the level of recline while you are sitting in the chair, or while anyone else is in the chair. Always adjust with an empty chair and ensure that the back-support is completely secure in the recline-slots on each side of the chair.

To fold the chair, lift the back-support and push down on the seat back gently... the chair will collapse down to the floor level.

10) Attach Front Leg Support to Front Leg with three A Screws.

11) Repeat on other side.
