

Step 1:

Lay bottom shelf (with open holes on each side) on it's side. Insert bottom (extended part) of leg into hole with metal bolt insert facing the inside of the table. Line up holes and screw in bolt using Phillips Head screwdriver.

Do this for each side.

Metal bolt insert

Bottom Box

Step 2:

Flip table upright. Place top on the legs. Line up holes and screw in bolt using Phillips Head screwdriver on each side.
