

FLOS

Tab F LED, Black - Specification Sheet by E. Barber and J. Osgerby, 2012

Mounting	Free Standing
Lamp (Bulb) Description	14 LED 3000K 347lm CRI 80 - 9W
Environment	Indoor - Dry Location
Finish	Black
Technical and Product Description	The Tab F was brought to life by the designing duo E. Barber and J. Osgerby in 2011.

TAB F floor lamp has an adjustable head. The body is painted with pressofused aluminum. The multi-led diffuser is specially designed PMMA which specifically avoids the "multi-shadow" effect and dazzle. The head of the Tab F has a $\pm 45^\circ$ rotation capability.

This modern floor lamp emits direct light and is available in Black/White.

Inspiration Behind the Design:

"We believe that every project has to have a spirit of innovation. When we are commissioned to design a product we seek to re-evaluate the archetype, to challenge precedents. We always look at different ways in which products can be manufactured, not necessarily by using new materials or radical re-thinking, but maybe by using existing techniques in a more original or intelligent way."

"The Tab lamp is a simple folded form, creating a visually pure shade that translates into a desk, and floor lamp." - E. Barber and J. Osgerby

Electrical

Voltage	120
Switching	ON-OFF switch on power cord
IP Rating	IP20

Physical

Cord Length (inches)	78" - Black
Construction Material	Die Cast Aluminum, PMMA
Weight	4.4 lbs

● F6561030 Black
