

## DOUBLE LATTICE ROUND TABLE BASE

The Double Lattice Round Table Base is a multi-functional cast aluminum outdoor dining table base that will complement many different table tops and outdoor furniture collections. Use a 30" patio table top for a cafeacute; set or a 48" table top for a spacious four top patio dining set. Two of these outdoor dining table bases may be used for a large rectangular table top. Crafted of superior grade molten aluminum, this sophisticated design is built to last.
