Product Specification

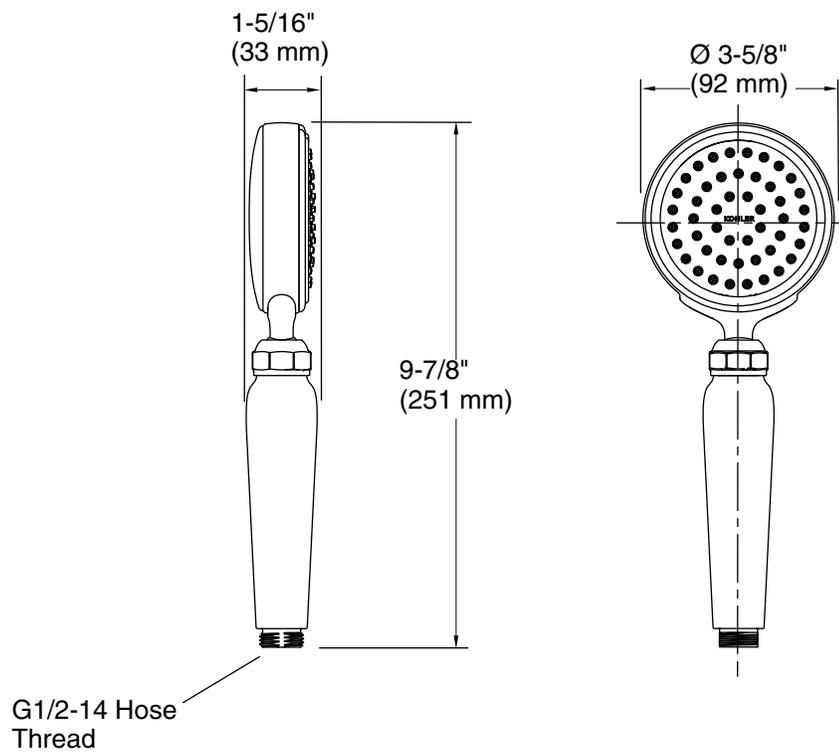

The single-function handshower shall deliver a full, consistent spray. Handshower shall have optimized sprayface with 48 nozzles to deliver a more focused coverage. Handshower shall feature MasterClean spray nozzles, which prohibit mineral build-up for easy cleaning. Handshower shall feature air-induction technology, which maximizes the air/water mix for a powerful, even flow. Handshower shall have ergonomic sprayhead that pivots to allow precise adjustment for targeted hydromassage. Handshower shall have 2.0 gpm (7.6 lpm) maximum flow rate. Handshower shall complement the Artifacts suite. Product shall be Kohler Model K-72776-_____.

ARTIFACTS™

Installation Notes

Install this product according to the installation guide.

Plumbing codes require an atmospheric vacuum breaker (such as Kohler Model K-9660) be installed in-line with handshowers. Please consult with local plumbing officials.
