Care and Maintenance

All outdoor furniture is subject to UV rays and weather elements. In order to keep your furniture as long lasting and vibrant as possible, we advise using furniture covers or storing the furniture when not in use.

WICKER

Simply washing your wicker with a mild detergent and protecting it as much as possible by covering and or storing it when not in use for long periods of time is sufficient.

ALUMINUM FRAMES

Furniture incorporates aluminum powder coated frames that are designed to require minimum maintenance. Avoid letting too much dirt build up by cleaning with mild soap and water. Never leave furniture standing in water.

STONE TOPS/TABLE TOPS

Spills should be wiped up quickly to avoid any staining on the surface. Regular cleaning with mild soap and water with a sponge or soft scrub brush is all that is required. Storing or covering your natural stone top when not in use for extended periods of time is recommended.

Soins et Entretien

Tout meuble à l'extérieur est soumis aux rayons UV ainsi qu'aux éléments météorologiques. Afin de préserver vos meubles aussi longtemps et aussi vibrants que possible, nous vous conseillons de les couvrir ou de les garder à l'intérieur lorsqu'ils ne sont pas utilisés.

OSIER

Laver simplement vos meubles en osier avec un détergent léger, en les protégeant autant que peu se faire en les couvrant ou en les gardant à l'intérieur lorsqu'il ne sont pas utilisés, est suffisant.

CADRES EN ALUMINIUM

Les meubles incorporent des cadres recouverts en aluminium qui sont conçus pour nécessiter un entretien mini-mum. Évitez de laisser trop de poussière s'empiler en les lavant avec du savon doux et de l'eau. Ne laissez jamais de meuble sous l'eau.

SURFACES EN PIERRE / DESSUS DE TABLE

Les liquides renversés doivent être nettoyés rapidement pour éviter toute tache sur la surface. Un lavage régulier avec un savon doux et de l'eau en utilisant une éponge ou une brosse souple est l'unique chose requise. Ranger ou couvrir votre surface en pierres naturelles lorsqu'elle n'est pas utilisée pendant une durée étendue est recommandé

TISSUS

Nettoyez les liquides renversés avec un tissu et de l'eau.
