Specified model meets or exceeds the following:

- ASME A112.18.1/CSA B125.1

**Colors/Finishes**

- NA: None applicable

**Specified Model**

Model	Description	Colors/Finishes
K-737-K	Three-way/Two-way diverter valve	<input type="checkbox"/> NA

**Product Specification**

The single-handle wall-mount three-way/two-way diverter valve shall be made of brass construction with brass valve body. Product shall feature one 3/4" NPT inlet connection and three 1/2" NPT outlet connections. Product can be converted from 3 outlets (360° handle rotation) to 2 outlets (120° handle rotation). Product shall feature a trickle flow from any two outlets to a variable flow from a single outlet. Product is intended for installation with any KOHLER bath and shower supply valves. Diverter valve shall be Kohler Model K-737-K-NA.

# MASTERSHOWER®

## Installation Notes

Install this product according to the installation guide.

Product is not intended for use as a shut-off valve.

Never plug an outlet port without completing the two-way conversion.

Product requires a mixed water supply to the inlet.
