

BAHIA

BAHIA stool: comfortable, cosy, colourful. A "bio-inspired, organic shape" as described by designers Dondoli and Pocci.

The stools feature a shell in polypropylene plastic material, reminiscent of two large, conjoined petals, and the slot where they meet gives the stools a greater sense of harmony and lightness.

Height adjustable coated metal base in the same colour as the seat, with swivel mechanism and gas lift system.

Total Height:	44 1/2 inches
Width:	21 7/8 inches
Depth:	20 3/8 inches
Seat height:	25.4094 1/2 (31.8897) inches
