Bellwether® Shower Base

The base's drain cover is designed for easy cleaning and hiding hair and debris. KOHLER® enameled cast iron resists chipping and flexing. Its nonporous, one-piece construction allows low long-term cost with little maintenance. Designed to replace a 60" x 30" bath, Bellwether is available with two drain configurations to accommodate new and remodeled bathrooms.

HydroRail® Bath/Shower Column
K-45209-CP

HydroRail® Shower Columns

HydroRail® shower columns turn your shower into a spa-like retreat without having to go behind the wall to re-route plumbing or change out the valve. The column mounts to existing plumbing. This means, you simply have to remove the old shower arm and replace it with the HydroRail shower column.

Choose from three options:
