## **Standard Care Procedures for Fabric Furniture.**

In order to preserve the original appearance of your leather furniture, please follow below simple care procedures:

- Avoid exposing furniture directly to sunlight or heating and air conditioning outlets. Sunlight and/or exposure to heating and air conditioning outlets will fade/damage fabrics. Do not place your upholstered furniture too close to windows, radiators, or vents, and be sure to use windows, radiators, or vents, and be sure to use window treatments to block the sun's rays.
- Vacuum or wipe with a cloth regularly to remove dust.
- Clean fabric with professional cleanser.
