Installation Steps 

## CARE AND MAINTENANCE

- We recommend vacuuming the loose cushions & upholstery regularly to keep your sofa clean from dust & dirt.
- Extra care to avoid placing your sofa in direct sunlight to avoid aging of the fabric color.
- Treat stains immediately, blot up as much of the spill as possible with a clean, dry, white cloth. Do not rub stains into the fabric.
- Apply a small amount of cleaner to the stain area and gently rub it with your fingertips and lightly clean with a clean damp fabric. Continue to apply cleaner sparingly and blot until the stain no longer transfers onto the cloth. This may take several attempts. When you've removed as much of the stain as possible, blot any remaining cleaner from the fabric.
- An annual professional cleaning will keep your upholstered furniture looking its best.
