

Umbrella

10 ft Cantilever

10 ft Cantilever Umbrella

Ready to add a dash of class to your outdoor entertaining? Tired of that sun beating down on your neck? Our California Sun Shade® Sante Fe Cantilever umbrella offers a sophisticated and architectural alternative to lower cooling costs by reducing temperatures up to 40%, protecting furniture and flooring from fading. And it looks great!

- Elegant umbrella to shade and cool your outdoor lounging and dining spaces, providing up to 75 sq ft of shade cover
- Contemporary vented, polyester fabric in decorative Terracotta and Tan elevates the comfort level of your patio, deck or backyard while resisting mold and mildew
- Pull lever mechanism for easy opening canopy with steel ribs for maximum support
- Steel cross beam stand is designed to work with Coolaroo® base, standard pavers or screws **(Note: Base, pavers or screws sold separately.)**
- 1 Year Warranty on fastness
