

Concealed Medicine Cabinet by i-innovators Finish Design Guide

- **White** - Our raised edge profile door is painted a stunning white to give this a nice, clean look. Perfect for rooms featuring white tile, trim or fixtures.
- **Espresso** - Our flat profile frame stained a dark brown with red highlights. Our most popular seller!
- **Black** - Our raised edge profile door painted a rich, deep black. Looks great in contemporary designs.
- **Coffee Bean** - Our raised edge profile door stained with the darkest brown we could find. Works well with both modern and traditional decor.
- **Caramel** - Our flat profile frame stained a classic brown, making it the perfect choice for traditional homes.
- **Unfinished Flat** - Our flat front profile door left unfinished so you can paint or stain it yourself to match your decor perfectly!
- **Unfinished Raised Edge** - Our raised edge profile door left unfinished so you can paint or stain it yourself to match your decor perfectly!
- **Unfinished Rustic** - Our flat profile frame made from unfinished alder wood that includes natural knots, cracks and other imperfections. Paint or stain it yourself to match your decor perfectly!

- **Rustic Caramel** - Our flat profile rustic frame made from alder wood that includes natural knots, cracks and other imperfections, then stained a classic brown.
- **Distressed White** - Our raised edge profile door painted a classic white, then aged by hand with various scrapes and nicks. No two are exactly alike! Perfect for shabby chic or beach designs.
- **Silver** - Our raised edge profile door painted a metallic silver, giving the appearance of a metal door. Looks great in contemporary designs.
- **Maple** - Our raised edge profile door finished with a light maple colored stain. Ideal for rooms with a more natural look.
- **Cinnamon** - Our flat front profile frame stained a spicy, orange-brown with golden overtones.
