

As lyrical as a mythological muse, we gracefully combines traditional forms with modern design elements. Drawing inspiration from elements discovered in the vignettes of Maison & Objet, the booths of Paris flea markets, the shops of Chelsea, and the stalls of Brimfield, this collection pays homage to architecture ranging from ancient Rome to midcentury modern Paris. Though rooted in past traditions, we remain ever contemporary in its simplicity.

Crafted of hickory veneers and hardwood solids in a light Bisque finish, we also includes a textured gesso Canvas finish and a Black Cobalt stain on select pieces. Accents of Aged Iron metal and linen create warmth, while brushed nickel hardware with just a touch of sheen adds modern appeal.

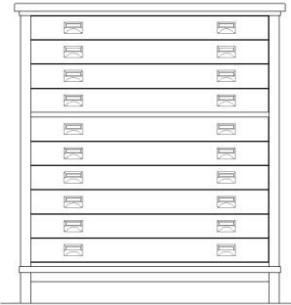

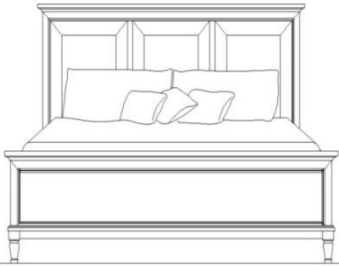

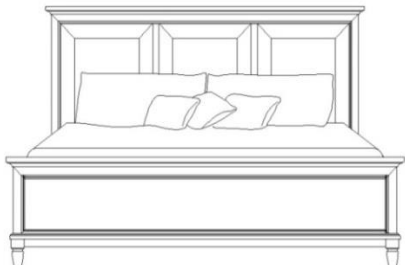

We is at once classic and current, collected and curated. Just as today's best cuisine focuses on honest, flavorful, time-honored ingredients, we distills the best of the past in a sophisticated collection that is perfectly posed for today's interiors.
